

**PERMIT APPLICATION FOR GIBSON SOLAR LLC (“PROJECT”)**

**Decommissioning Agreement – Section 6(a)**

The Decommissioning Agreement, attached as Exhibit A – Decommissioning Agreement was approved by the Commissioners on June 15, 2021 as an attachment to the Economic Development Agreement (the “EDA”) (see EDA section). It provides that the (i) Professional Engineer as described in Section 1.1 and (ii) amount of the Removal Cost (which shall determine the amount of the Decommissioning Security) shall be determined and provided to the County at the start of construction. At that time, the Applicant will present to the Commissioners a signed the Decommissioning Agreement. Applicant will provide the same information to the County Commissioners and the County Attorney. Per the EDA, the Commissioners will then execute the Decommissioning Agreement. Notwithstanding the above, the Applicant notes that Westwood will be retained by Applicant to serve as the Professional Engineer.
